## Firemen's 48-Hour Week To Be Decided Monday; Keen Interest In 3 Election Contests Here

At Any Person's Service--in Any Emergency

IF ANYONE YOU KNOW HAS EVER been overcome by gas, or almost drowned, or involved in some accident where quick rescue work was called for, the fire department's Special Service truck shown above was quickly and effectively on the spot. Equipped with stretchers, resuscitator, inhalator—even 'jacks' of lifting a street car—Arlington's emergency truck is so well equipped to handle ANY emergency that its equipment has been copied by other towns, including Boston. In photo above, overhauling equipment, are (left to right): Fireman Harold O'Leary, Fireman Joseph Cronin, Fireman Edward Lennon and Lieut. Charles O'Neill. These men and their equipment, poised to go at a moment's notice to the help of anyone needing them, typify the service capably rendered by the Arlington fire department.

By Monday night, the voters of Arlington will have decided: (1) if the town's firemen will go on a shorter, 48-hour working week; (2) if a new selectman is to be placed on the board, or a present incumbent returned to office; (3) if the Board of Public Works is to remain as now constituted, or a present member supplanted by one of our other candidates; and (4) which three out of eight aspirants (including two incumbents) will be elected to the school board.

All four matters—the three election contests and the question of a 48-hour week for the fire department—are creating much more interest than usual in Monday's town election and active campaigns under way are expected to be reflected in a greater turnout at the polls.

Members of the fire department, who now work 72 hours a week, are winding up a particularly energetic campaign for a 48-hour week—a schedule already adopted in many Bay State cities and towns, and being voted on Monday by a number of other communities. Many taxpayers have volunteered endorsements. Through newspaper publicity and store placards the firemen have sought to bring the merit of their case to public attention, and the eve of the vote on the referendum finds the firemen optimistic.

## Dream Of Prowler In Bedroom Is So Real Woman Awakes, Grabs Phone And Summons The Police

### 'Burgles' His Way Into His Own Store

There were "jimmy" marks on the front door of Liggett's drug store, at 327 Broadway in Arlington Center, Saturday.

But though the door really had been forced, no burglar was involved. The store manager notified police about 9 A. M. that he'd forgotten his keys, and had to jimmy his way into the store to open it for business.

Mr. and Mrs. George Keville, the former Barbara Rowland of Pleasant St., are the parents of a daughter, Rachael Marie, born Feb. 18 at the Chester Hospital in Cambridge.

Mrs. Charles V. Morrissey, a young housewife of 234 Pleasant St., won't drink so much coffee now before going to bed. She had several cups before retiring last Thursday night, and then proceeded to have such a realistic dream about a burglar in her home that—at 4:10 Friday morning—she jumped out of bed, reached for her phone and summoned the police.

Police searched the Morrissey home from attic to basement, without finding trace of any intruder. "It was all so very real," said Mrs. Morrissey. "I woke up and thought I saw an intruder right in my room, but I believe now it must all have been a dream—but a dream so real that it awakened me with a start, and persisted even after I was awake."

"When the police were unable to find any sign of a prowler, and I

## Will Election Suit You?

How will you feel, next Tuesday, when you read the returns on Monday's town election? Will you feel, possibly, that some particular candidate who didn't win out SHOULD have been elected?

It will be too late next Tuesday to complain about the election results. It will be too late to feel sorry for someone you think should have won, but who failed possibly by a few votes.

It is human enough to say: "Oh, what difference can MY one vote make?" But not so many votes are cast in a town election, and even a few can make the difference between loss or victory for the candidates you believe are entitled to support.

Very definitely, the type of government we have in a town like Arlington depends upon the NUMBER of our citizens who are sufficiently interested to go to the polls.

## 'The Same Consideration'

Wondering what might be the fate at the polls next week of the town firemen's request for a 45-hour week, the Press conducted a little telephone poll of its own.

The opinion of those who are running for Town Meeting membership seemed quite pertinent, and it being impractical to contact all of these candidates we telephoned the WOMEN who are among the candidates.

Their opinion, we felt, might give us a good cross-section idea, as to public opinion. Or, at least, the WOMEN'S opinion. And the answer one of these ladies gave us, we thought, very significant. Said Mrs. Catherine G. Sweeney of 133 Sunset Road: "I'm certainly in favor of giving the firemen the SAME consideration we've shown to other town employees."

## Unique Clinic On Basketball

Some 200 Arlington boys of junior high school age have been learning the ins and outs of basketball.

A basketball "clinic" conducted the past week at the high school's Lowe auditorium has attracted well over 200 boys at each of the afternoon sessions.

## Auto Tires Checked As Free Service

Berkeley Cue, Inc., local Firestone dealers, instituted an unusual free service for motorists this week when they announced they would make a free inspection of the tires on any car.

The chief purpose of the free inspection is to determine whether

or not the tires have hidden defects after the several months of hard winter driving over rutted streets.

"No doubt many tires now on the road have hidden dangers that only an expert inspection can determine," said Mr. Cue. "We will be glad to inspect tires free of charge for anyone who drives down to our store. After this inspection a motorist may drive his car with the assurance that his car is safe for himself, his family and fellow motorists."

## Find Autoist Slumped Over Drive Wheel

A Malden man, Franklin Douglas of 80 Wyoming Ave., that city, was taken ill while driving his

car in Arlington Friday night. He was noticed, slumped over the wheel of his car at Medford St. near Warren St., by Arthur J. Foster of 15 Webeowet Rd.

Mr. Foster notified police, and officers obtained medical aid for the sick man. He later went home of 80 Wyoming Ave., by taxi, and subsequently was reported improved.

### 3 Men Saunter Into Store As 'Customers,' Steal Radio

Three young men sauntered into the store of the Eastern Furniture Co., at 175 Mass Ave. early Tuesday afternoon, and while one of them engaged the owner's wife in conversation—posing as a prospective buyer—the other two walked out with a \$65 portable radio.

"I'd like to see a basinet, my wife had a baby this morning," one of the trio told Mrs. Anne Quattrochi.

The store happened to have no basinet in stock, but Mrs. Quattrochi offered to show the "customer" a picture of one, and to quote him a price. She went to the office at the rear to get him this information, and he tagged along.

The other two, now out of sight, suddenly decided they'd wait for their friend outside. One of them said, loudly: "We're going out for a cup of coffee."

The third man left a few moments later, without placing an order. Mrs. Quattrochi saw all three of them get into a coupe, and speed away—and then she noticed that the portable radio that had been in the window, with three larger sets, was gone.

Police in trying to track down the trio, described as in their early twenties, weren't overlooking a bet. They were checking, for one thing, on births in this area Tuesday morning—even though the story of being in the market for a basinet may have been pure fabrication.

### Daniel Grannan Dies At 91, State's Oldest Undertaker

Daniel W. Grannan, the oldest living undertaker in Massachusetts, died Saturday at the age of 91 at his home, 378 Massachusetts Ave.

Mr. Grannan established his undertaker business in Arlington in 1897, and almost 50 years ago built his residence and funeral home at 387 Mass. Ave. He had been in fairly good health up to two months ago, and till that time continued to take an active part in the conduct of his business.

In charge of arrangements for his funeral services, which were held yesterday, was one of his two sons, William D. Grannan, who for almost half a century has been associated with his father. William Grannan's son, Robert E. now helps conduct the funeral home—representing the fourth generation, for his great-grandfather also was an undertaker.

A native of Somerville N.J., Daniel W. Grannan was for some years a director of the Arlington Chamber of Commerce; he was a past chief ranger of the Mass. Catholic Order of Foresters, and an honorary member of the Mass. Funeral Directors' Association.

In addition to his son William, Mr. Grannan is survived by a second son, Walter R., formerly of the Boston Post and now editor of the Connecticut Western News in Canaan, Conn. three daughters, Mrs. John P. Troy of Arlington, Mrs. Frederick W. Mansfield of Hopkins Rd. and Mrs. Arthur Lane of Belmont, and 14 grandchildren and seven great grandchildren.

Mr. Grannan was buried in Mt. Pleasant Cemetery following a solemn high mass of requiem in St. Agnes' Church Wednesday morning.

### \$6,749 Collected In 'March Of Dimes' Campaign Here

With a total of \$6,749.80 collected in the recent March of Dimes appeal here, Arlington exceeded last year's figures by 30 per cent and topped all other towns of like size in the county, it was announced following a final-report meeting Tuesday night.

This year's drive was sponsored entirely by the Arlington Auxiliary Police Association. William J. Sinclair, general chairman, expressed

gratitude to all whose generosity made the impressive results possible.

The \$6,749.80 was received from the following sources:

Special contributions, \$1,014.75; dime folders, \$2,923.30; clubs and organizations, \$638.19; coin collectors, stores, etc., \$785.20; AYA dance, \$312.69; theatre collections, \$71.89; school collections, \$706.18; business houses, \$75; house-to-house collection, \$222.60.

### I Wonder?

I WONDER who is the ingenious storekeeper who as a new sideline is now taking hand prints and foot prints of babies, for identification purposes?

I WONDER if you plan to register as a blood donor?

I WONDER how many pairs of rubbers the average mailman wears out in a year?

I WONDER who was the girl at Koford's who exclaimed: "Ice cream sundaes are the best invention since they invented boys!"

I WONDER if that contemplated torchlight election parade this Saturday night will materialize?

I WONDER if Hy Finn of the Stylecraft Shop will be able to find a home so he can move to Arlington?

I WONDER how Mr. Howard Lane is enjoying the weather?

I WONDER if it wasn't definitely encouraging to Boys' Club supporters to see the attendance of 300 at Monday's dinner?

I WONDER if Alice M. still thinks she's the best looking girl in Arlington?

I WONDER if Bill O'Brien of Lombard Terrace is being swamped with requests for briar pipes, since the story in the Press last week?

I WONDER if you'll be at the big bridge and whist party at St. James parish tonight?

I WONDER if Mrs. Corbett of 6 White St. will be surprised to find her name in print?

I WONDER if the girls in Verma's Donut Shop ever smile?

I WONDER if YOU'LL take time out to vote Monday?

I WONDER how the seven women running for Town Meeting membership will make out Monday?

The Business and Professional Women's guild will hold an annual supper meeting next Thursday evening, March 4, at 6:30 o'clock in parish hall, First Congregational Church, with Miss Cassie Sands chairman.

### Bullet Fired Into Window Of Bedroom

When Mrs. Eva Lundquist of 47 Lockeland Ave., raised the shade of a front bedroom window Friday morning, she was startled to find a bullet hole through one of the window glass panes.

She thought the matter over awhile, wondering how the bullet hole got there and finally called in the police to investigate.

Officers found that the hole corresponded to that made by a .38 caliber bullet, but there was no way of tracing its source. The bullet itself was not located.

Mrs. Lundquist believes the shot—if such it was—fired sometime Thursday night.

### \$1,800 Auto Stolen Here

The theft of an automobile worth \$1,800 is bad enough at any time, but much worse in these days when cars are difficult to buy.

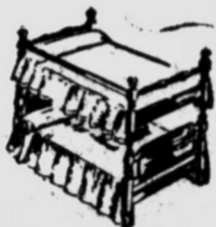

That's the way Edward Thompson, who lives in the apartment building at 224 Mass. Ave., feels since his 1946 green Hudson sedan disappeared Sunday night from Grafton St., near Mass Ave., where he had parked it.

The theft, which occurred between 8 and 11 p. m., was reported to police and a teletype alarm immediately went out.

Mr. Thompson works for the Gillette Co., in South Boston and had been using the car to go to and from work.

Mrs. Anna Myatt is reported convalescing at Mass. Memorial Hospital, where she recently underwent an operation.

## Boy, 14, Finds Lost Wallet, Returns It To Owner

Leon T. Walsh of 56 Newcomb St., a letter carrier in Boston and his wife are very proud today of their son Albert, 14, a student at Junior High School East.

Albert was walking in front of the post office Tuesday morning when he found a man's wallet on the sidewalk—stuffed with bills. He counted up to \$50, and there

He looked for some identification was more. and found the name of David Burns, 16 Park St.

Without hesitation, Albert hunted up Mr Burns at his home and returned both the wallet and money. Mr. Burns gave him \$5. and his thanks.

Later, at his home, Albert told his mother what had happened. Mrs. Walsh had just returned from Mt. Auburn Hospital, where that born to one of her three other sons same morning a child had been—James—and his wife, of 80 Orchard St. The Walshes have four sons and a daughter; Albert is the youngest.

Mrs. Walsh gave Albert an affectionate hug.

"I'm SO glad I've got honest

boyst," she exclaimed. "Twice today I've been made very happy."

## In A Hurry To Go Home?

Someone at the Shell gas station at 1100 Mass. Ave. is getting forgetful.

Late Saturday night, Patrolman Walter F. Knowles found that the station had been locked up—but two perfectly good tires, and four display racks of engine oil, had been left outside.

Unable to locate the manager, a police car transported the tires and oil to the police garage for safekeeping overnight.

And then, early Sunday morning Patrolman Armando Lucarelli jotted down in his notebook: "secured door of Shell Station, 1100 Mass. Ave."

A talent night, sponsored by St. Agnes' CYO, will be held Thursday evening of next week, March 4, in St. Agnes' school hall.

## NELSON REST HOME

Mrs. Margaret S. Nelson Graduate Nurse and Director

Located in nearby Belmont, at 19 Burnham Street, Belmont 5-2166, is the NELSON REST HOME, an establishment which has been devoting its facilities and services in caring for those elderly persons, chronic cases and convalescents who have desired comfortable, restful accommodations in calm and peaceful surroundings, at reasonable charges.

Sympathetic in their approach in meeting the requirements and desires of all who enter its door, this commendable rest home reflects in its every aspect, their conscientious endeavor to promote the well being of all who seek a haven of rest and seclusion. After all, the mental peace and calm which one enjoys here, is just as important toward complete recovery as medical attention is in the earlier stages of an illness. Then, too, the finest of pure foods, prepared under the competent direction of one entirely familiar with the special requirements of each individual case, are served here among pleasant surroundings.

All of these attractive features in respect to the NELSON REST HOME add up in the favor of those who live here. With personal and individual attention given to everyone here, the guests are thus inspired with renewed hope of recovering, and also of complete security in the event of any need that might arise. Those persons throughout our own area, as well as those of other communities, who have availed themselves of the facilities of this establishment in the past, without exception, have nothing but the very highest recommendations to give it, and they freely acknowledge the benefits which they themselves have derived. We are indeed pleased in this Business Review of the selected establishments of this section, to commend Mrs. Margaret S. Nelson, who guides the destinies of this excellent convalescent home, upon the fine facilities which she provides for the people of this area, and we gladly include this account for those of our readers who may, either now or at some future time, have need of them.

## Medford Roofing & Siding Co.

Roofing - Remodeling - Insulation

We are indeed pleased to include in this Business Review of the selected establishments of Middlesex County, and give a public word of praise to a firm which has very definitely met with the full approval of all who have availed themselves of their services in the past.

There are two standards which, when taken together, give a pretty good assurance of your selection of a firm to do business with—what they have accomplished in the past, and are doing at present and how well that work has been done. In this respect, we feel that the MEDFORD ROOFING AND SIDING COMPANY has very definitely met with these specifications and it is a pretty sure bet that you too will be satisfied in your dealings with them.

Located in Medford, at 121 Riverside Avenue, telephone, MYatic 7-4488, and under the direction of James L. Grady, the proprietor, this firm does roofing, repairs, gutter work, tar and graveling, siding, remodeling, and insulation work, and are fully covered by workman's compensation insurance, thereby protecting the property holder from any law suits which might accrue. The materials used by this company are of the latest scientific development, in the roofing business, having answered all the tests, including the test of time and weather. There are many good reasons why their finished jobs last longer—one being the fact that the management have had many years of experience in the field and their work represents an appearance from an architectural standpoint which is pleasing to the most critical. We, therefore, do not see any good reason why this company should not be kept right here in our own area at all times, considering the fact, too, that the people in other sections of this state are wise enough to take advantage of the efficient services of this fine firm.

They have covered many roofs throughout this section of the state, and the work has met with the full approval of the purchasers in every case. To anyone interested in the repairing, or a new roof, or sidewalks we would advise you by all means consult with this firm, and we are sure that they can show you the roofs which they have completed in the past, and as they appear and stand today. It behooves everyone contemplating the roofing of any house or building to look over and investigate their products and workmanship before letting out the contracts elsewhere. We are happy to refer in this Business Review, the MEDFORD ROOFING AND SIDING COMPANY, to all our readers, and to commend them upon their workmanship, which is a distinct tribute to the business acumen of the very efficient management.

## FIELDSTONES

By Sally Bodwell

Traditionally famous as one of our most popular centres for the choicest of meals, FIELDSTONES, by Sally Bodwell, located on Highway 28, in Andover, telephone 1996, is today upholding those traditions which makes it popular with all who have enjoyed their appetizing dishes and prevailing hospitality.

Indeed, it may be said, that lovers of good food have one-thing in common—They know where the best in these specialties can be obtained. And because of this knowledge, FIELDSTONES is enjoying a large patronage among the discriminating people throughout this entire area.

It is seldom that one comes in to contact with real honest-to-goodness American cooking, the sort that we are led to believe that Grandmother prepared—but here they really do take pleasure in taking pains to achieve a quality in the culinary art in the preparation of their appetizing dishes, of which Grandmother might be proud.

A more sparklingly clean, up-to-date and more attractively furnished establishment it would indeed be difficult to find anywhere, and graceful service and pleasant hospitality add to its distinctiveness and charm.

At FIELDSTONES by Saly Bodwell, it matters not whether your order be large or small, you are made to feel at home, and that you are always welcome here. It is easy to see how in such a congenial atmosphere, one can really enjoy the well-cooked, wholesome and deliciously prepared foods, which are served here, with everything carefully supervised by the capable management this fine establishment is rendering this type of service to an appreciative public, everyone being catered to in a manner which bespeaks a sincere desire to serve at all times.

In commending the management upon the manner in which FIELDSTONES is being conducted, we wish to impress upon our readers to by all means keep this excellent eating establishment in mind, and we are sure that after a visit here, for one of their delightful meals, you will agree with us that we have not over-rated this excellent eating establishment known as FIELDSTONES by Sally Bodwell.

## Packard Arlington Company

Sales and Service for Beautiful Packard Car

THE PACKARD ARLINGTON COMPANY, with show rooms and service department located here at 19 Massachusetts Avenue, Arlington, has proven to be one of the most progressive automobile agencies in this section of the state, and one which in the past has been most popular for automobile buyers and those autoists seeking the highest type of service available.

That the new solidly built PACKARD AUTOMOBILE is today recognized as the greatest motor value of the age, is the opinion of the experts, as well as the occasional buyer throughout the country, and for service and price, these automobiles are bringing a personal freedom to the legion of users, giving to those fortunate ones who have been able to obtain them, the travel benefits enjoyed by a few. The PACKARD AUTOMOBILES are made in the latest models of the day, and no matter whether it is for country or city use, for winter or summer, you will find that the PACKARD suits every need.

Throughout these lean years of new automobiles, the PACKARD ARLINGTON COMPANY, with only one desire in mind, that of keeping the goodwill of their large clientele, and also to add on new satisfied customers, have seen fit to equip their service department with the most modern equipment obtainable and have surrounded themselves with the most expert mechanics trained in their own particular field, and as a result they do a most efficient job on the PACKARD AUTOMOBILES.

We know, too, that the thoughts of many of us turn to the purchase of a good used car. In this respect, the fact that those who have purchased cars here in the past, usually return when ready to buy again, we believe that is the best sort of an advertisement and very definitely speaks for itself.

Therefore, in this Business Review, we are glad to have this opportunity of complimenting the PACKARD ARLINGTON COMPANY upon the high efficiency of their services, and the really fine cars which they represent, and in closing let us say that if you are thinking of purchasing a new car, to by all means stop in here, and even if you have to wait a while, it certainly will be well worth waiting to win this fine automobile.

## A. D. LYNCH

Interior and Exterior Painting

Ceilings - Walls - Woodwork - Papering

For over thirty-five years the firm of A. D. LYNCH has been specializing in the art of exterior painting, decorating and paperhanging. During that time this firm has made many friends as well as customers through the high quality of work they have executed, and many of the finest homes in and around Arlington have been enhanced in their worth and beauty by the application of Mr. Lynch's artistic efforts.

Believing in their work as constructive in nature, the many fine examples of such work which stand to their credit, reflect the conscientious and successful endeavor over the past three decades to develop what is ordinarily a trade or skill, into the field of a real art. Such an approach has necessarily accrued to the benefit of all who have availed themselves of the services of this firm, and has resulted in a degree of satisfaction with every finished job that is constantly winning the type of patronage which appreciates superior workmanship.

Known for their modern and straight forward business methods, this firm of A. D. LYNCH is well equipped to handle the largest or smallest painting and decorating contract, and efficient management in all phases of their work, coupled with a past record of capable performance have resulted in the progressive business which they conduct today.

To those of our readers, who either now or with the approaching Spring, contemplate the painting, decorating or papering of a new home or the beautifying of your present one, the advisability of placing the matter into the competent hands of this contractor, may be judged from the foregoing. Mr. LYNCH gives the same careful attention to the smaller work as to large contractors, realizing that such work deserves all the care and attention that his years of experience have taught him so well how to give. He is always glad to talk over any problems which might confront one—provide helpful suggestions and give estimates without any obligation whatsoever.

The firm of A. D. LYNCH conduct their business at 42 Massachusetts Avenue, Arlington, telephone-Days AR 5-5416-J-After Six P. M. AR 5-0151-M. You can be assured of a thoroughly satisfactory job at a reasonable figure in taking advantage of their efficient workmanship.

## Broadway Service Station

Wright and Spicer, Proprietors

The standing which any establishment attains in the mind of the consuming public, is necessarily based upon the quality of the products which it sells, their performance and the relations maintained with their patrons.

Judged upon these standards, the BROADWAY SERVICE STATION has certainly earned a high rating among motorist in the Arlington area. Ever since the inception of this business under the guidance of Messrs. Wright and Spicer, this service station has successfully catered to their wants and needs by providing motive fuels and lubricants in which are embodied those essential elements that make efficiency, quicker starting, and smooth running action, and which have the reputation of being kind to your motor.

By another, these "motive fuels and lubricants" are known as SUNOCO PRODUCTS used by the careful motorist who likes to get high performance from the car he or she drives. And it is a wellknown fact that they fill the bill.

But that is only a part of the story of the services so well rendered to the many satisfied patrons of the BROADWAY SERVICE STATION, for the up-to-date facilities available here to keep your automobile in first-class running order, add important touches to the full picture, including their efficient road service. Featuring specialized lubrication, you will find this station excellently equipped to completely lubricate your car, according to the requirements of each season as it rolls around. With the shortage of new automobiles, the value and importance of good lubrication to preserve a car's life and usefulness becomes increasingly important. Frequent washing, too, maintains its lustre and a washing job completed at the BROADWAY SERVICE STATION is always identified by the painstaking thoroughness which they employ to turn out a sparkling job.

One of the most modern and good-looking service stations in the Arlington area, its equipment and facilities match its appearance. Located at 25 Broadway, Arlington, telephone, AR 5-1059, you will find your visits here both pleasant and profitable, and it is a pleasure to include this account of its attractive merits for the benefit of all our readers and friends.

## DOROTHY'S LAUNDRY

Distinctive Laundry Service for Every Need

It is our pleasure to include in this Business Review of Arlington, a laundry the scope and usefulness of whose services have been a blessing to many housewives throughout Arlington and the surrounding areas as well.

It can be said that their services have indeed met with the full approval of all who have ever availed themselves of them.

With a fine plant located here in Arlington, at 135 Massachusetts Avenue, telephone, Arlington 5-5079, DOROTHY'S LAUNDRY has, ever since its establishment here, been relieving Arlington housewives of the care and drudgery usually attached to wash days. Here in a modernly equipped plant, everything is washed clean and spotless, and all clothes are returned to you in fresh and immaculate condition. We are sure that you do not have to hesitate in sending your most delicate articles here, for one cardinal rule practiced from the very inception of this outstanding Laundry has been to use only the finest of soaps and other supplies essential to this industry in turning out only the most superior type of finished work.

The management of DOROTHY'S LAUNDRY have surrounded themselves with some of the most efficient and experienced employees in the laundry trade, and it is not at all surprising, therefore, that this firm is enabled to render a complete and distinctive service to hundreds of well satisfied patrons, whether you use their CASH AND CARRY or their efficient PICK UP AND DELIVERY SERVICE.

The satisfaction of these customers week after week, year in and year out, constitute in our estimation the best gauge by which to judge laundry service which is capably performed here.

The most up-to-date methods are in vogue at DOROTHY'S LAUNDRY, to give you clean linen and to wash comfort into your clothes at reasonable charges—and it truly can be said that—"They Launder with Care and Garments You Wear."

We certainly have no qualms in recommending the services of this excellent establishment to all our readers, as one which is worthy of your utmost consideration at all times.

## R. W. LeBARON

Electrical Contractors

Established 1894

The success of any business, large or small, is to a great extent based upon the degree of confidence with which it is looked upon by its patrons.

In turn, such confidence is earned strictly on the ability to serve the best interests of those patrons. It follows, therefore, that the firm of R. W. LeBARON, INC., specialists in the electrical contracting field, for the past 54 years, necessarily fulfills the requirements of all whom they serve, and the degree of confidence they enjoy today may best be judged by the many jobs they are called upon to execute, not only here but throughout all New England, as they are New England representatives of the EAGLE SIGNAL CORPORATION, a fact which speaks for itself.

With offices located here in Arlington at 452 Massachusetts Avenue, telephone, AR 5-0222, this firm renders an excellent service in all branches of the electrical business, being electricians of proven ability and specializing in residential, commercial and industrial work.

Having, through a long background of experience, learned all these intricate details which are of such importance in electrical work, they have built an active business upon sound policies and a necessary study of the many problems which such work entails. As a result, this firm has built a reputation for reliability which is perhaps best exemplified by the many property owners who have availed themselves of their services in the past, and into whose homes and building are built the real practical evidence.

Under the direction of Mr. Alvin A. Woodward, who took over last May, after twenty years with this firm, this firm leaves nothing undone such as carrying complete coverage in liability and compensation insurance. This is of vital importance to home and building owners, for there have been numerous instances where they have had a law suit on their hands, because of some workman injured on the premises in the performance of such work.

The firm of R. W. LeBARON, INC., would be happy, we are sure, to provide an estimate without charge, or obligation, on the various phases of electrical work that you might need, and their fair charges, coupled with expert craftsmanship, are additional recommendations for the quality of work they are so well equipped to do.

## JOHN E. McAVOY

Established 1897

For well over half a century now, the firm of JOHN E. McAVOY has been rendering the highest type of service to an appreciative public. With offices and funeral home located here in Arlington at 233 Massachusetts Avenue, telephone, AR 5-1698, or residence telephone AR 5-4297-R, Mr. John E. McAvoy is today perpetuating those same characteristics of conscientious performance which were originated at the start of this firm's career, way back in 1897, and as a result, has gained for himself a leading position in this profession in the life of our community.

When death comes—as it must to all men—there is always that terrific shock and dislocation of our normal lives, attendant upon the actual parting of some beloved member of the family. It is indeed comforting to know at such a trying time we call upon this funeral director, who has dedicated himself to the task of softening the impact of an experience which however universal, is most certainly unwelcome.

From the very instant that Mr. McAvoy is called upon, he puts into motion a quietly energetic and efficient organization, handling a multitude of details, and it is a fact that this firm is dedicated to a complete and dignified service. To the responsibility thus passed on to him, he brings as a result of his experience and efficiency, capabilities completely appropriate to the occasion.

Always mindful of the sacredness and confidence which must necessarily be reposed in him by his clients, you will find him ready to give you the most intimate and personal service in a highly professional manner. You will find, too, that courtesy is his most marked attribute, and of real comfort, and you can well depend upon him to do for you what you cannot do for yourself under these trying circumstances. In fact, the entire personnel here is imbued with the same spirit, that of a feeling of respect for the departed, and ready to lend what aid may be necessary, and fully conscious of the confidence and trust reposed in himself, never forgetting the dignity of his calling. Because of his own personal feelings in each and every case, we are pleased to have this opportunity of publicly commending Mr. John E. McAvoy upon these outstanding services which he renders to all who are in need of them.

## MONUMENT CAB

24 - Hour Service

Safe — Comfortable — Economical

We are pleased to present to our readers here in Arlington, the MONUMENT CAB, located here at 434 Massachusetts Avenue, in the Centre at the Monument, telephone AR 5-1303, which is rendering an efficient, prompt and courteous service every hour of the day and night, serving our residents most satisfactorily.

With two fine cabs excellently equipped, the passenger is thus provided with the utmost degree of comfort and pleasure. It is service such as this, coupled with a dependable service that is winning for the MONUMENT CAB a first division rating among the people of this area.

The drivers know their cars thoroughly from a mechanical standpoint know their routes perfectly, and what is more - know how to be courteous and helpful . . . particularly as regards the aged and infirm. In other words, whenever you step into one of the MONUMENT CABS, you are absolutely assured of comfortable, enjoyable and safe transportation to your destination at minimum expense.

Of major importance in their service, is the fact that their drivers operate under direct police supervision, which means that your children, valuables and errands of trust are absolutely safe in their competent hands.

Under the capable and efficient management of Mr. John Kelley, this firm, in the short time it has been in business, already occupies an important position in the business life of Arlington, and has really attained an excellent record of service in this time.

An efficient taxicab service is an indispensable factor in the life of any modern community such as ours, and the manner in which the MONUMENT CAB and the competent personnel, are discharging their function to the satisfaction of our citizens, is a credit to themselves and an outstanding convenience as well. A private company, it is to be sure, but a public asset by the manner in which it is conducted, it most certainly is. We, therefore, feel that this concern deserves a word of praise in this Review, and we extend such to the management and to the very capable drivers, and wish them much success in this new undertaking.

## DUDLEY FUEL COMPANY

Franchised Dealers for York Heat

We are indeed pleased to also include in this Business Review a firm which has certainly met with the full approval of all who have availed themselves of their services and products in the past, and as a matter of act, all of their customers have nothing but a good word to say for this Fuel Company at all times, and for this reason, this firm warrants an honorable mention in this Review.

There are two standards upon which to make your choice in the selection of any firm to do business with, what and how well they have accomplished their work in the past, and what they are doing at present. Either factor by itself may be satisfactory, but the combination of the two is a pretty safe guarantee that you too will be satisfied. In this writer's opinion, this certainly holds true in reference to the DUDLEY FUEL COMPANY, which meets with all the above specifications.

THE DUDLEY FUEL COMPANY, located here in Arlington, at 43 Dudley Street, telephone AR 5-3385-W, and Evenings AR 5-3385-R, feature only high grade products, and is, we believe, the only like concern in Arlington which has its own storage facilities.

However, the fact that fuel oil is at present still difficult to obtain and because of the inroads which oil heating has made in homes and buildings, THE DUDLEY FUEL COMPANY, under the direction of Carl A. and Samuel J. Nigro, nevertheless they have seen fit to take care of their customers so that there would be very little hardship endured during this trying period. Then, too, the fact that they are the franchised dealers here of the well-known YORK HEAT, we believe should be taken advantage of. We suggest that before letting out your contract elsewhere, to by all means consult with them and get their advice without any obligations to yourself. You will find them straight forward in all their dealings and very definitely on the ball.

We are, therefore, pleased to mention these few facts with reference to THE DUDLEY FUEL COMPANY, which not only serves the people of Arlington in a commendable fashion, but who also have the highest type of products available in this field.

## BRATTLE DRUG COMPANY

Prescription Specialists

A. S. Cavaretta, Proprietor

We are happy to include in our Business Review, an establishment which has gained by honest methods and reliable services, a wide patronage and a measure of confidence in the public mind which bespeaks the value of the progressive policies under which it is at all times managed.

Next to the family doctor, your druggist is the most important factor in the interest of a community's health. They both work hand in hand in safeguarding the health of its citizens, and the high responsibility which the druggist shares requires a most thorough knowledge and extensive experience in pharmacy.

THE BRATTLE DRUG COMPANY, located here in Arlington, at 1043 Massachusetts Avenue, by the painstaking efforts and care which they employ in the compounding of every prescription from the purest and freshest pharmaceuticals, capably discharge the duties placed upon them by the position, which they thus occupy in the lives of those whom they serve.

The success of any business, large or small, is to a great degree based on the degree of confidence with which it is regarded by its patrons. In turn, such confidence is won strictly on the ability to serve the best interest of those patrons. And in speaking of service perhaps, which is in this writer's opinion, of the utmost importance to our readers throughout this entire area, is the fine and efficient free delivery service which is maintained here at all times. This is one of the very few drug stores in this area which supplies this type of convenience, which can mean the saving of a human life during an emergency.

We would suggest to our readers at this time to list this telephone number AR 5-3267, and to keep it handy at all times, because Mr. A. S. Cavaretta, the capable proprietor, furnishes this to any individual in Arlington and surrounding areas as well.

With a fine reputation built on past performance, its ever-growing list of customers can well testify to the quality of their services. Carrying a complete stock of what a modern drug store requires, the BRATTLE DRUG COMPANY, draws from a background of years of experience in this field of endeavor. All of these features combine to make this good-going drug store a substantial factor in the life of our community and through the medium of its services, a contributor to its health and well-being.

## ELECTION

(Continued from page one)

"We are asking for nothing more than we feel we are entitled to," said Capt. Joseph Flynn, spokesman for the firemen, "and we feel that the great majority of the people view our request as fair and reasonable. There's every reason to anticipate an emphatic 'yes' at the polls—but we certainly hope our friends will not fail to vote."

The contest for the one post on the board of selectmen to be vacated this year is a three-cornered fight, with William C. Adams, who seeks reelection, opposed by Atty.

Joseph A. Purcell and Laurence A. Corcoran. Purcell has the energetic endorsement of the Citizens' Committee, while Adams is backed by the Lower Tax Committee.

The battle is expected to be between Adams and Purcell, though Corcoran also has many friends. The five-cornered battle for election of a public works commissioner is another highlight of the 1948 election. James R. Smith, chairman of the board, seeks reelection, and he is opposed by four other aspirants. One of these, John L. Murphy, has the backing of the Citizens' Committee; another, Herbert D. Stevens, is endorsed by the Lower Tax group. The two other

candidates and Richard L. Powers Jr., and Thomas H. Welch, both well known, and with the vote split five ways even politicians aren't attempting to predict the results.

Eight candidates are in the field for election to the school committee, with only three vacancies to be filled. Two of the candidates, James W. Kidder and John Allison, are now serving on the board. The other aspirants are; George A. Beardsley, John M. Stiff, James C. Doyle, Robert Donovan, Eleanor J. Strong and Brewster Ames—all of whom are responsible citizens and have large numbers of friends.

## On 48-Hour Week For Firemen

### Give Arlington Firemen Humane Working Conditions

*It's False Economy To Skimp At The Expense Of Our Firemen.*

*The Trend To 48 Hours Is State-Wide--Let's Give OUR Firemen The Same Consideration*

#### Why THE WORKING HOURS OF FIREMEN SHOULD BE REDUCED TO 48

1. Firemen are the only employees of the town required to work more than 48 hours per week.
2. The duties of firemen are readily recognized by insurance companies as a most hazardous occupation. A fireman must add three years to his age when buying life insurance.
3. Long working hours make it difficult for the Fire Department to secure men best adapted for this work.
4. Excessive hours of work upset the normal family life of men and are injurious to their health and happiness.
5. The movement for shorter hours in all divisions of industry and public service is recognized by all fair-minded men and women as one of the foremost methods of increasing efficiency and morale among workers.

#### VOTE "YES" FOR 48-HOUR WEEK FOR FIREMEN

Election Day, March 1st

For transportation to Polls call ARLington 5-7893

#### "You're A FIREMAN, Daddy...."

*Is That Why  
We Never See  
You At Home?"*

Yes, Sonny, your dad's a member of the Arlington Fire Department... a robust, upstanding man... You can be proud of him in his uniform... But he spends **TOO MUCH TIME** in that uniform... He has to work 72 hours a week, which is almost **TWICE AS LONG** as most other people work today... And very often when there's an emergency he works even longer hours... No, he never gets paid overtime. That isn't what he minds so much, though... What he **DOES** mind is that he can't be home more often and enjoy his family like other men do... But **CHEER UP, Sonny**,... Things will change... The people of Arlington (that's who your dad works for) are **FAIR-MINDED**, and they won't turn down the firemen... They'll vote to give them a 48-HOUR WEEK!

#### Do You Know:-

1. Firemen work 72 hours per week.
2. They have worked as many as 92 hours some weeks this winter.
3. Firemen receive no compensation for extra duty.
4. Firemen are subject to call at any time when off duty.
5. Firemen are prohibited from working for any compensation on their days off.
6. Firemen responded to 962 alarms in Arlington in 1946-They responded to 985 alarms in 1947.
7. Arlington property owners enjoy a low fire insurance rate (much lower than many other towns) because an efficient fire department keeps fire losses down.

## This Is NOT A Political Appeal-It Is A Request For Fair Play

No Other Town Employees. And Few Workers In Industry, Work 72 Hours A Week-The Firemen

DO. Why? Town After Town Has Recognized The Advantages Of A Shorter Week For Firemen

#### THESE TAXPAYERS SAY: 'YES'

We The Undersigned Registered Voters And Taxpayers Of The Town of Arlington Recommend and Endorse The 48 Hour Week for Firemen.

## Vote 'YES' On 48-Hour Week!

Don't be misled by last-minute claims that the 48-hour week for firemen will UNREASONABLY boost the tax rate. Taxrates ARE NOT and CAN NOT be set until the business of the town meeting is completed.

## Mirak Co. To Build Garage

Following a public hearing, the board of selectmen Monday approved the application of John Mirak of the Mirak Chevrolet Co. to construct a public garage building at 22 Broadway, between Silk and Sunnyside Sts.

There was no opposition to the application. The new building, 290 by 100 feet, will be constructed on land owned by Mrs. Mary Silk Fitzpatrick and will be used as an adjunct to the Mirak company's present facilities on Mass. Ave. in Arlington Center.

An application by David and Mamie Barry to conduct an auto repair shop at 25 Franklin St. was opposed by petition by some 12 families in the neighborhood, and was tabled for action next week.

## McElaney Heads Legion's Band

William McElaney has been appointed manager of the Arlington American Legion band, and he urges all interested in expressing their musical ability to contact him at AR 5-4444-M.

There is a possibility that this band, which has won many state honors, may lead the parade at the next Legion state convention.

### Many Committees To Make Reports At Town Meeting

Possible changes in the town's building code and in the form of town government itself, creation of a central purchasing department and possible construction of a reclamation plant for rubbish and waste materials, will be among many matters coming up for action at the March town meeting.

Alterations, additions and other changes in the town building code have been under study by a committee appointed two years ago. A committee appointed March 14, 1947, to "consider the advisability of adopting another form of municipal government" also will place its report before the town meeting. Other boards and committees scheduled to submit recommendations are:

Committee appointed in 1940 to study advisability of creating a central purchasing department. Committee named Dec. 2, 1946 on housing for veterans of World War II, and a committee to aid and advise veterans' housing committee in matters relating to any recommended program.

Committee named March 12, 1947 to procure plans and estimates for construction of an elementary school building in the Mystic St. area.

Committee named March 12, 1947 to investigate and consider establishing a schedule of salaries and wages for all employees of the town.

With two weeks remaining before the two-day stop here March 15 and 16 of the state mobile blood unit, many more volunteers will have to register if Arlington is to meet its quota of 250 pints. The registration deadline is March 8.

The travelling unit, which comes here through cooperation of the Red Cross, will be at St. John's Episcopal Church on Pleasant St. on the two days between 1 and 7 p.m. Red Cross nurses and "gray ladies" will be on hand as attendants.

Gifts of a pint of blood will insure the donor and his family of any emergency supply that may be needed for a full year after the donation is made.

Registration chairman Miss Elizabeth Rice, ARL-1741-J, made public this week the names of the first ten volunteer donors. They are: Harry Perlman, 303 Gray St.; Mrs. Ruberta B. Norris, 14 Wellington street; Mrs. Beatrice K. Rose, 279 Massachusetts avenue; Miss Theresa Terjelian, 94 Webster street; Mrs. Barbara J. Wood, 25 Kensington Park; Mrs. Anne Frueh, 11 Marigan street; Mrs. Margaret Henderson, 70 Ronald road; Mrs. Charles K. Bautz, 169 Cedar avenue; J. Herbert Gunner, 26 Woodland street; William F. Homer, Jr., 9 Ravine street.

Arlington's selectmen view the blood donation unit as a public service in the following indorsement:

"Residents of the Town between the ages of 18 and 60 are urged to register for blood donations to meet any emergencies and insure health in time of peace as they did in war. The time to assure free supplies of blood is before a crisis rises. Free blood is available only when blood is freely given. Arlington needs 250 donors. Your gift of blood is a chance to save a life Register now."

I WONDER how many here know that the Theodore Schwanb Co. of Arlington Heights has supplied fine wood panelling for many of the beautiful buildings and residences in New England?

## Firemen Will Get 48-Hour Week, If It's Up To Women Running For Town Meeting

The firemen's request for a 48-hour work week will be granted if the women who are candidates for Town Meeting members have anything to say about it.

The Arlington PRESS conducted its own private survey last week. It was impossible to contact all of the candidates for town meeting, so the women on the slate—seven of them—were chosen for questioning.

Of the seven, six were contacted. And ALL SIX expressed themselves emphatically in favor of a 48-hour week for the town's firemen. The seventh candidate could not be reached because she had no phone.

Most of the six interviewed are, incidentally, both for a 48-hour week for the firemen and for increased pay for all town employees. But the town employees have not made clear just what they want—just how much pay increase they seek—so several of the women held back, refraining from definitely committing themselves till they knew more about what was sought. On the question of the firemen's 48-hour week, however, there was

no hesitation. All six of the feminine Town Meeting candidates questioned by phone were in favor. They were:

Mrs. Catherine G. (Philip A.) Sweeney, 133 Sunset Rr., 13th Precinct candidate.  
Mrs. Alice B. (George A.) Harris, 196 Cedar Ave., 12th Precinct.  
Mrs. Mary A. (John J.) McCormack, 174 Washington St., 12th precinct.  
Mrs. Agnes M. (John J.) Sullivan, 10 Victoria Rd., ninth precinct.  
Mrs. Kathleen F. (John E.) Barry, 139 Warren St., seventh precinct.  
Mrs. Frances J. (Frank R.) Donahue, 186 Palmer St., seventh precinct.

Uncertain about just what town employees seek in the way of pay increases, but inclined to favor them were: Mrs. Catherine Sweeney and Mrs. Agnes Sullivan.

The seventh woman candidate for Town Meeting, who could not be contacted because of lack of phone, was Mrs. Margaret M. (John J.) Flynn, of 26 Glen Ave., precinct nine.
